CHAVEZ, Juan Manuel	-	BK #3326334	

Filing officer, assigned to Unit 2A14, was dispatched to assist Unit 1B3, Officer Dougherty #5118, who was dispatched to an unknown problem on the beach at the Junipero lot.

Filing officer was advised via the police radio that a witness observed a subject drop off a body and drag it in the sand behind a wall. The witness stated that the subject then drove off in a possible '65 Chevy Impala, gray or blue in color.

Filing officer, travelling westbound on Ocean en route to the dispatch location, observed a male subject using a pay telephone at the south side of Ocean and Molino. Filing officer contacted this subject, later identified as witness #1 Beisly, Don.

At this time, filing officer was advised by Officer Dougherty that he had located what looked to be a female Hispanic, who was deceased. Officer Dougherty pronounced the victim dead at 0523 hours. For further, see Dead Body report and Coroner's Case #92-10906.

Filing officer was advised by witness #1 that he was visiting his aunt ~~Wanda [redacted]~~, who ~~lives at [redacted]~~. He stated that he was walking eastbound on the south sidewalk of Ocean Blvd. He was standing across from 2415 E. Ocean along the railing where the stairs lead down to the beach, when he observed a vehicle parked towards the far east southernmost corner of the Junipero lot. He stated that he observed some type of "lump" on the sidewalk by the right front fender of the vehicle, but due to darkness, he could not tell exactly what it was. He stated he then observed a male subject, whom he described as being a short male Hispanic with short dark hair, wearing a green or gray jacket, bend down and grab the object and start to drag it.

The witness said when the subject began to drag the object, he then observed that it was a body. He stated that the body being dragged had dark clothing above the waist and he could tell that below the waist the body was nude. He stated the subject continued to drag the body behind a small wall located directly in front of the subject's vehicle and left the body there. He said the subject got back into his vehicle, made a U-turn in the parking lot, and went westbound towards Junipero. He stated the subject's vehicle stopped at the stop sign and used his right turn indicator to go northbound on Junipero. He stated as the vehicle was travelling northbound on Junipero, he was no more than 30-35 yards away from the subject's vehicle, but he could not read the license plate. For further, see diagram.

The witness stated that he walked down the stairs that lead to the beach to see if the person needed some type of help. As he approached the subject, he stated that he could tell that it was a female and she did not respond to him when he spoke to her. He stated that she was not moving and he thought that she was seriously hurt and needed emergency help. He said he ran up the stairs to the 2600 block of E. Ocean and used the pay telephone to call the police.

Filing officer placed the witness in the patrol vehicle and drove to the Junipero lot to assist the other patrol officers. As filing officer approached the victim, he observed on the sidewalk impressions that were left in the sand which was covering the pavement. The impressions were northwest of the victim which appeared to be a body being dragged from the parking lot approximately 6 feet in length. Filing officer approached the victim, who was lying face-down with her head facing eastbound in a prone position. Filing officer observed the subject to be wearing a long sleeve black sweatshirt that went to her waist, but no clothing below her waist and no shoes. Filing officer was advised by Officer Dougherty that when he located the victim, she was cold to the touch and he could not find any sign of a pulse.

Filing officer was assisted by several other units, along with Unit 2S14, Sgt. McCoy #5031, who cordoned off the crime scene.

Filing officer was advised by Police Dispatch that the Signal Hill Police had initiated a traffic stop at 20th and Cherry on a vehicle which possibly matched the suspect vehicle. The Signal Hill Police were assisted by Long Beach Police Units 1B1, (Officer T. Brown #5104), 1A70 (Officers J. Davis #3686, M. Szutenbach #5315), 3B26 (Officer L. Mahaffey #5063), and 1S16 (Sgt. LeGros #2903). These units arrived on the scene and assisted the Signal Hill Police Department in detaining the possible suspect, who was later identified as Chavez, Juan Manuel (Booking #3326334).

Sgt. LeGros contacted filing officer to transport witness #1 to 20th and Cherry for a field show-up of the suspect and of the suspect vehicle.

Filing officer advised witness #1 of the Field Show-up Admonition, which he stated he understood. Filing officer and the witness arrived on the scene. The witness advised filing officer that the subject who was standing in front of the patrol vehicle for the field show-up was wearing clothing similar to the subject seen at the crime scene and, further, was of the same stature and build, with the same hair color as this subject. The witness stated he was positive that the vehicle at the traffic stop was the same vehicle he had observed at the crime scene.

Officer J. Davis placed the suspect into handcuffs, placed him in his patrol vehicle, and transported him to the Long Beach Police Department Homicide Section to further their investigation.

Filing officer returned to the crime scene to continue the investigation and wait for the arrival of the Coroner. Senior Criminalist Lloyd E. Mahanay and Coroner Investigator Philip Dituri arrived on the scene to conduct their investigation at 1004 hours (see Coroner's Report #92-10906).

Filing officer Dougherty, 5118, was assisting unit 2A75, Officer L. Martinez, 4039, and Officer B. Roberson, 5225, who were dispatched to Junipero Lot at 0515 hours regarding a body that was dropped off. Filing officer heard via radio that calling party (C/P) Beisly called in and said that he saw a male Hispanic, short, black hair, drove off in a 1965 grey or blue Chevy Impala after dropping off a female, who is nude from the waist down near a wall by the bathroom. For further, see Call #0266.

Filing officer drove southbound Junipero from Ocean into the parking lot then eastbound towards the bathroom. Officer Dougherty checked the bathrooms and around the building, but found nothing. Officer Dougherty noticed a cinder block wall running east/west, dividing the sidewalk from the sand located on the south side of the parking lot. Officer Dougherty walked westbound near the cinder block wall and noticed a female subject, later identified as victim Sanchez, Sonia, laying face down in the sand. Officer Dougherty noticed that the victim was wearing only a black long sleeved shirt and that she was nude from the waist down. Officer Dougherty noticed that there were two shoe prints on the back of the victim's shirt, which were clearly visible.

The victim's body was laying in an east/west direction with her head pointing east and her feet pointing west. Officer Dougherty further noticed that the victim's left hand was paralleling alongside her waist, bent slightly at the elbow, but leaving her hand clearly visible. The victim's right arm was parallel along her right side with her elbow bent and with her hand underneath her right hip, leaving only the right pinky and the ring finger visible. The victim's head was fully covered with long brown hair, so it was undetermined which way her face was lying.

Officer Dougherty noticed that she was not moving at all and attempted to check her carotid for a pulse, but due to the amount of hair around the victim's neck, filing officer was unsuccessful. Officer Dougherty then felt the victim's left wrist, at which time filing officer noticed that the victim's wrist was slightly cold to the touch. Filing officer Reichard, 5110, assigned to uniform patrol unit 2B21, was patrolling in the area of 2300 block of Ocean Blvd. when she observed and contacted the following witness:

Schorr, [REDACTED] DOB  
[REDACTED]  
[REDACTED]: [REDACTED] #8. The witness was sitting in her legally parked vehicle along the grassy area of the bluff just east of the Long Beach Museum of Art located at 2300 E. Ocean.

Filing officer approached the witness in her vehicle and asked her about how long she had been here and if she had seen anything unusual this morning. Witness Schorr told filing officer that she did not see or hear anything unusual and that she had been here since approximately 5 AM or 5:10 AM. While filing officer was getting witness' information, the witness stated that she did see a large older model Chevy, dark colored, possibly blue, come southbound Cherry to eastbound Ocean and then turn southbound into the Junipero parking lot of the beach. Witness stated that she thought it was unusual that the Chevy pulled into the Junipero lot because the gate is usually locked at that time of the morning.

Witness said she comes eastbound Ocean every morning at 5 AM and parks on the east side of the museum to pray. When witness saw the vehicle, she had a red light for eastbound Ocean and the older Chevy had the green light southbound Cherry. Witness stated she was right behind the Chevy when it pulled into the Junipero lot, but did not see anyone in the vehicle.

On November 29, 1992, filing officer and Detective W. B. Collette responded to call number 266. Detectives initially went to the northbound lanes of Cherry Avenue north of P.C.H. in the City of Signal Hill. At that location, detectives directed the patrol personnel to impound the vehicle that the suspect had been driving prior to his arrest by Signal Hill Officer Owen.

Filing officer and Detective W. Collette then responded to the beach parking lot at the foot of Junipero Avenue in the City of Long Beach. Detectives arrived at this location at approximately 0655 hours.

Detectives observed the crime scene to be located on the south side of the parking lot a short distance from the extreme east end of the paved parking lot. The body was observed to be lying on the sand immediately next to the block wall which separates the parking lot sidewalk from the sand beach.

The victim appeared to be a female Hispanic, late teens or early 20s. The victim was lying face down on the sand with her head to the east and her feet to the west. Both arms were lying alongside the upper torso and parallel to the same with her palms turned upwards. The body was clothed in a long-sleeved black sweater. The victim was wearing a watch on her left wrist which had a black band. The victim's hair was dark brown and appeared to be waist length.

Detectives were able to observe a shoe pattern on the back of the victim's black sweater. There appeared to be two shoe sole impressions with a tread design. The feet of the victim were located a few inches east of a pedestrian walkway which leads between the parking lot and the sandy beach. Drag marks were observed from the asphalt parking lot across the concrete sidewalk and on to the sandy beach leading to where the victim's body was observed.

Coroner's personnel arrived and a further examination of the victim proceeded. The coroner's personnel were Investigator Philip DITURI and Criminalist Lloyd MAHANAY. During the coroner's examination of the body, a sexual assault examination kit #1129 was administered to the victim. During the coroner's examination, it was further noted that the anal swab of the victim revealed what appeared to be blood.

Further examination revealed the following tattoos. The word "Sonia" and a rose on the right shoulder blade, the word "Love" on the left inner ankle, the word "mom" and a cross on the left wrist, a word (unknown) on the left breast. A yellow metal chain was observed around the victim's neck. The victim was also wearing a brassier which had been unhooked. Abrasions were observed on the right wrist and back of the right hand and on the knuckles of the left hand. There was an abrasion on the front of the right upper thigh which was consistent in appearance with the oily dirt which was observed in the parking places of the parking lot, consistent with being dragged across that surface. There was heavy petechia hemorrhage observed in both eyes and on the lips of the victim consistent with suffocation as the cause of death.

The portion of the sweater where the footprints were observed was cut from the sweater and maintained in the care and custody of Detectives Wren and Collette.

Witness #4 McCarthy, [REDACTED]

The above named defendant was arrested after he was observed to be driving a vehicle that matched the description of a vehicle that was just used in a murder. Some of the victim's personal belongings and identification were found in the vehicle that the defendant was driving. The defendant was also identified by witnesses who were at the scene of the murder. The defendant was also found to have an outstanding warrant out for his arrest.

I, [REDACTED] Brown assigned to uniform patrol day unit, 1B1 was dispatched to assist Signal Hill Police Officers who had conducted a traffic stop of a possible suspect vehicle that was involved in a murder that had occurred at the Junipero lot in Long Beach. The Signal Hill Units had the vehicle stopped in the area of 20th and Cherry.

I drove to that location to assist the units. Upon arrival, I noticed that there were four blue and white Signal Hill patrol cars that had a light blue older model Chevy stopped northbound on Cherry just south of 20th. The Signal Hill officers had a male Hispanic subject out of the car and was seated on the east curb of

Cherry behind the vehicle they had stopped. The vehicle was a 1973 Chevy Caprice, Ca. license plate of 204GVY. The vehicle was light blue in color, very clean looking.

I contacted ~~Cravens~~ Cravens of the Signal Hill Police Department who told me that himself and the other Signal Hill officers on scene were monitoring the scanners they have in their patrol units of the call regarding the incident that had just occurred at the Junipero lot. They heard over the scanner that the suspect vehicle was possibly a '65 light blue Chevy Impala with a single male Hispanic occupant inside the vehicle. The vehicle was possibly related to the homicide that had just occurred and was possibly heading towards their city.

~~Cravens~~ Owens, ~~Cravens~~ while working routine patrol and advised of this information, was sitting parked in his patrol vehicle in the parking lot of the Rally's Hamburger Stand on the north east corner of Cherry and PCH. ~~Cravens~~ Owens noticed a vehicle matching the description he had just heard over the scanner that was traveling in a northbound direction on Cherry waiting for the red light at PCH. ~~Cravens~~ Owens told his dispatcher that he had a possible suspect vehicle from the incident that had occurred at the Junipero lot and requested additional Signal Hill Units to assist.

The vehicle continued traveling northbound on Cherry from PCH and ~~Cravens~~ Owens pulled his patrol vehicle in behind the vehicle and followed it northbound on Cherry. As the vehicle was just south of 20th St., ~~Cravens~~ Owens activated his overhead red and blue lights to initiate a traffic stop on the vehicle. The subject inside of the vehicle was asked to exit the vehicle, produced a California i.d. card under the name of Chavez, Juan (the above defendant). The

defendant was then asked to have a seat on the curb at the rear of his vehicle until LBPD officers arrived on scene.

I then contacted ~~Officer~~ Owens who told me that he was monitoring the scanner inside of his patrol unit and was advised of the information regarding the suspect vehicle description, the direction of travel of the suspect vehicle, and that the vehicle was possibly related to a homicide that had just occurred at the Junipero lot.

As he was parked in the parking lot of the Rally's Hamburger Stand on the north east corner of Cherry and PCH, he noticed a vehicle matching the description that he had just heard over the scanner waiting for the red signal light to travel northbound on Cherry from PCH. Believing that the vehicle which was waiting for the red light may possibly be the suspect vehicle from the homicide, he advised his dispatcher of the situation and requested additional Signal Hill Units to assist. The vehicle traveled northbound on Cherry from PCH and he noticed that the vehicle contained a lone male Hispanic occupant with short black hair. He stated that the vehicle had the California license plate of 204GVY and that the vehicle was registered to a Sanchez, Sonia.

He followed the possible suspect vehicle northbound on Cherry from PCH and as they were just south of 20th St., he activated his overhead red and blue lights of his patrol vehicle to initiate a traffic stop of this vehicle. He was assisted by ~~Officer~~ Cravens and ~~Officer~~ Boska.
